Puerto Rico DOH Primacy Revision Application Package

Walter E. Andrews, Chief
Water Programs Branch

Warren Llewellyn, Chief
Water and General Law Branch

This is to transmit the primacy revision package from the Puerto Rico Department of Health (PRDOH) for the Primacy Revisions (consisting of Administrative Penalty Authority, PWSS Definition, Emergency Plan revisions) and the Consumer Confidence Report Rule to your Branch for WGLB concurrence. Please have your staff address any comments to Mike Lowy of my DWS at the number below. As you know, EPA review and determination is required within 90 days from when the State submits a complete and final request to EPA for primacy revision.

The attached material consists of a complete package for the above referenced regulations. DWS has requested additional material (English version of the regulations pertaining to adoption by reference, which Puerto Rico has incorporated in their document #6090 known as *Reglamento General De Salud Ambiental*) to be forwarded to this office. We will then forward a copy to your Branch.

If you have any questions on the above, please contact Bruce Kiselica, Chief, DWS at (212) 637-3879, or have your staff contact Mike Lowy at (212) 637-3830.
